03/2008. Rev. 1.0

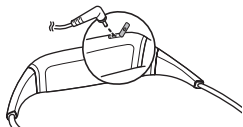

Charging the headset

This headset has a rechargeable internal battery which is non-removable. Ensure that you fully charge the battery before using the headset for the first time.

- 1 Put the travel adapter into the adapter jack and into a power outlet.

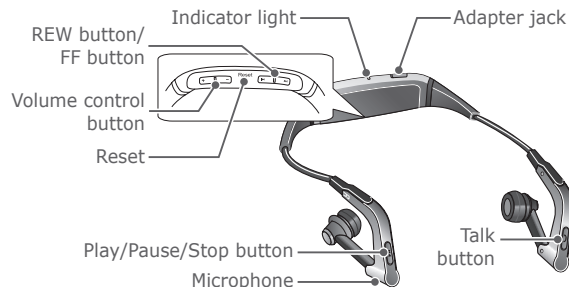

The indicator light on the headset changes to red.

If the battery gets very low, the indicator light turns on purple when the travel adapter is connected.

- 2 Disconnect the travel adapter from the power outlet and the headset when the indicator light changes to blue.

Your headset overview

☑ NOTE:

- Make sure you have the following items with your headset : Travel Adapter, User's Guide. The items supplied with your headset may vary depending on your region.
- If your headset responds slowly, stops responding, or freezes, press the reset with a pointed tool.

☑ NOTE:

- Use only a Samsung-approved travel adapter. Unauthorized adapters may cause an explosion or damage to the headset.
- The battery will gradually wear out while charging or discharging because it is a consumable part.
- When a call comes in while charging, disconnect your headset from the travel adapter and answer the call.

Wearing the headset

Place the headset on your ear. Ensure to put the correct (Left, Right) earpiece on each ear.

Turning the headset on or off

- To turn the headset on, press and hold [⏸] until the indicator light flashes blue 4 times.
- To turn the headset off, press and hold [⏸] until the indicator light sequentially flashes blue and red.

Pairing with your Bluetooth phone

- 1 Enter Pairing mode.
 - If you turn the headset on for the first time, it proceeds into Pairing mode immediately.
 - Make sure that the headset is off, and press and hold [↶] until the indicator light turns on blue and stays lit after flashing blue 4 times.
 - 2 Search for and connect with your phone according to your phone user's guide. (Bluetooth PIN: 0000, 4 zeros).
- NOTE:**
When the headset and the phone are paired, press [↶] to reconnect via the previously connected Headset Profile or Hands-Free Profile, or press [▶||] to reconnect via the Advanced Audio Distribution Profile.
